MEMORANDUM FOR: AC/DPD/DDP

SUBJECT: ~~Indochina~~ South China

1. PACAF has come in with requirements for P2V-7 collection between Kun Ming and Nan Ning on a first priority basis.

2. Because of the imminence of difficulties which might involve the United States in Indochina and because of the development of a new air defense district in South China on which we have practically no information, it is believed urgent to get information on ROB and AD reaction in the area.

3. I have checked this out with the JCS and the NSA and they concur in this requirement.

4. Accordingly it is recommended that if it is operationally feasible, the PACAF target list which has been provided to Operations be covered in the near future as a matter of priority.
